Jerry Mills

Jerry Mills is an internationally acclaimed keynote speaker, motivational trainer, singer/songwriter and educator.

As a child, he experienced the "failure, fear and frustration" of some nameless problem... a struggle which led to some daunting adversities and challenges. Rising above, he set out on a journey of amazing self discovery which he details in some of his original songs.

Building on a wide range of professional experiences including stints as a singer, firefighter, EMT and EMS Director, he discovered his calling as an educator.

It was while teaching that Jerry realized the true purpose and passion of his life when he was invited to speak and sing his original songs for hundreds of his professional peers. Since that day, he has shared his poignant, personal messages with hundreds of audiences and many hundreds of thousands of people throughout the world.

Today, Jerry presents his inspirational keynotes and motivational workshops full time. He is regularly featured for a wide range of regional, national and international conferences.

A talented and prolific songwriter and storyteller, his work vividly captures a broad range of human experiences and emotional encounters with the personal and professional challenges of life.

Jerry has long been a leader in the effort to train, educate and inspire anyone who cares about our youth. But even more, he is now reaching audiences in positions of leadership within corporations, organizations and associations worldwide with equally powerful messages of hope and challenge.

He has produced several audio recordings including *Urgent Reply*, *The Real You* and his newest release, *Lifeline*.

His inspirational song and video, ***Come Join Us***, currently serves as an anthem for **Rotary International** worldwide.

"You have changed my whole outlook on life."
